SUMMER NEWSLETTER 2013

JH Biotech, Inc. Celebrates 26 Years in Business

JH Biotech, Inc. celebrates its 26th anniversary this summer. Since 1987 JH Biotech, Inc. has been manufacturing products with the motto "Biotechnologies For Safer Agriculture". We are proud to bring our customers products they can trust. With a broad customer base and strong record of success and technological innovation, JH Biotech, Inc. looks forward to serving you for another 26 years! Thank you to all of our customers and supporters for making JH Biotech, Inc. a success.

JH Biotech Is Growing

Florida Warehouse

JH Biotech, Inc. has established a warehouse facility in Lakeland, Florida and it is being upgraded for production. The new facility is located in central Florida and it will supply JH Biotech, Inc. products primarily to the East coast market.

Texas Warehouse

JH Biotech, Inc. is in the process of securing a warehouse facility in San Antonio, TX to supply products to the Southern Plains Region.

Bakersfield, CA Manufacturing

The original production plant - located in Bakersfield, California - is still operating and it will continue to supply our fine JH Biotech, Inc. products.

U.S. Patent Awarded

JH Biotech, Inc. has been awarded a United States Patent for its popular organic herbicide Weed Zap. JH Biotech, Inc. is committed to technological innovation and cutting edge products to build "Biotechnologies for Safer Agriculture".

Soft Products

JH Biotech, Inc. specializes in "Biotechnologies for Safer Agriculture". This has been our motto for over 25 years. JH Biotech does not manufacture any toxic pesticides. In fact, our Fosphite fungicide is categorized as a "Reduced Risk" fungicide by the U.S. Environmental Protection Agency (EPA). We are also the leader in organic products with 28 OMRI listings. Conventional growers can "get softer" by using one or more JH Biotech, Inc. products.

Growers Rebate Program

JH Biotech, Inc. has launched the Spring rebate program for growers. The rebate provides a \$0.50 to \$1.00 per gallon rebate directly to growers for selected products. For more details and to download a claim form please visit the JH Biotech, Inc. web site at www.jhbiotech.com.
