Dear Don:

I want to start this letter off by thanking you again for your superior technical support. Your product, "Weed Zap" is wonderful. I am a lifelong organic grower and will not consider using any product unless I am convinced that it is all natural and safe for the environment. "Weed Zap" is all that and more.

Over the years I have been inundated with many products that claim they are all natural and organic only to find out they do not work very well or they are too costly. I could not be happier with the results I am seeing with "Weed Zap". Your product is going to save me time and money. You definitely have a customer for life! Feel free to use my comments in any promotional material and let me know if there is anything I can do to help you get information about "Weed Zap" to other organic farmers.

As a business man I know how precious time is and I thank you for all the time you have given me in becoming acquainted with your product. "Weed Zap" is going to make my job much easier as I insure to my consumer that they receive the best organic produce available.

Once again, thank you.

Sincerely,

Ken Amann
